Dear Mr. Urban:

On November 20, 2014, the Forest Service received your objection of the decision proposed by Forest Supervisor Dan Dallas for the Village at Wolf Creek Access Project on the Rio Grande National Forest. The objection filing period closed on January 20, 2015. Your objection was timely and is being processed pursuant to 36 CFR 218 and is assigned control number 15-02-00-0040-218B.

However, project level, pre-decisional administrative review regulations provide the right to object only for individuals and entities who have submitted timely, specific, written comments regarding a proposed project during any designated opportunity for public comments (36CFR 218.5(a)). The Forest Service has no record of you providing specific written comments during a public comment period for this project. On this basis, you do not meet the eligibility requirement to object to this project. For this reason, I am setting aside your objection from review pursuant to 36 CFR 218.10(a)(3).

If you believe we are setting your objection aside in error, or if you have any questions or concerns, please contact Nancy Miller of my staff at 303-275-5373. Thank you and I appreciate your interest in management of your public lands.

Sincerely,

MARIBETH GUSTAFSON  
Deputy Regional Forester
